DR. J. C. YOUNG,

Medical and Surgical

INSTITUTE.

CONSULTATION, IN ALL CASES, FREE.

CURES GUARANTEED, OR NO PAY REQUIRED.

IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to sustain the reputation of this Institute, are still adhered to, affording those in need of Medical aid, the certainty of cure and the utmost confidence. There is nothing of so great importance to the sick as to know where to find a physician whose skill and hard-earned reputation is a guarantee of proper and reliable treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in ruins to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it a duty to call especial attention to that terrible scourge, SEMINAL WEAKNESS, That is sapping with its insidious the very life of its victims; in the treatment and cure of which the Institute has been so enviable a reputation.

DISPATCHES TO THE OREGONIAN.

DATES TO OCTOBER 9.

#### Democratic Lawlessness in the South to be Suppressed

WASHINGTON, Oct. 9—Gen. Meade has issued an order distributing the forces under his command to the points where he considers it necessary to enforce and preserve order until after the election. The military are instructed to aid in the suppression of insubordination to the civil authorities. They are to exercise their discretion and judgment unbiassed by political or other prejudices. He also appeals to the people to co-operate with him and the civil authorities in maintaining law and order.

Governor Bullock has issued a proclamation commanding each and every officer, in every county, to see that the lives and property of the citizens are protected, that all persons are protected in the full exercise of their civil and political rights and privileges, and charging upon every person resident in the State to render a prompt and willing obedience to the sheriffs, and obey the civil officers under all circumstances whatever.

#### Death of a Noted Rebel

NEW YORK, Oct. 9—Howell Cobb, of Georgia, fell dead this morning, on the corridor of the Fifth Avenue Hotel.

#### New York Items.

NEW YORK, Oct. 9.—The Mozart Democracy are again in the field. They nave Fernando Wood to accept the Congressional nomination for the Ninth District.

NEW YORK, Oct. 10.—Horace Greely has been nominated to Congress from the Fifth District.

#### Alabama Matters.

MONTGOMERY, Oct. 9.—Both houses have adopted a resolution to adjourn to-morrow, to reassemble on the 3d November. It is generally understood that legislation cannot be completed in time for the election. No election bill has been passed, and they will probably adjourn without passing one.

#### Frauds under Johnson's Administration.

CHICAGO, Oct. 10.—The New York *Tribune* of the 9th throws some light on the frightful increase in the deficits for the postal service, which the reports have shown. It says that about two months ago the Post Office Department awarded the contract for carrying the mails in the country beyond the Pacific Railroad to Mr. Spaulds. There were three bidders—Spaulds at $350,000, the second person at about ten thousand more, and Wells, Fargo & Co., who made a bid in the neighborhood of one million. Spaulds' bid was accepted, and the bonds given for the faithful performance of the contract. The Post Office Department, several days ago, learned that Spaulds had disappeared, and thrown up his contract. The Department is said to have called on Wells, Fargo & Co. to do the work. Many complaints and unpleasant stories are in circulation in regard to the transaction. It is well known here that the way the Government is swindled on contracts is to have a number of irresponsible bidders who under bid, and give worthless bonds, and then throw up their contract, when they are awarded to another member of the ring, who puts in a higher bid.

#### A. Johnson Gives it Up.

CHICAGO, Oct. 9.—A Washington special says President Johnson has expressed an opinion lately that he considers the election of Grant certain.

#### Miscellaneous.

COLUMBIAVILLE, Oct. 9.—Four hundred students entered Cornel University. No more can be admitted to the Freshmen class.

NEW YORK, Oct. 9.—The Protestant Episcopal Convention passed the entire session in discussing the question of admitting the diocese of Nebraska. Opposition was made on the ground that the delegates were appointed by a body calling itself the Council of Nebraska, instead of the Diocese of Nebraska. No conclusion was reached.

The library of Fitz Green Halleck will be sold at auction on Monday.

The steamer *Alaska* sailed to-day for Aspinwall, with a large list of passengers and 1,250 tons of freight for San Francisco, including a lot of railroad iron and locomotives for the Central Pacific Railroad.

The Board of Consulting Engineers of the Hudson & Highland Suspension Bridge Company met to-day to examine the river to secure a favorable sight for the erection of a bridge.

Robert J. Walker has published a letter stating that there has been an annual increase in the public debt of $40,000,000, which he charges as the result of Radical extravagance. The Republicans state that he omits to mention that this increase was caused by back payments due on soldiers' bounties and pensions.

WASHINGTON, Oct. 10—Reverdy Johnson sends a cable telegram that he has signed a protocol with the British Government, recognizing the rights of naturalized citizens. No particulars are given, but it is inferred that the compact is similar in its features to the Bancroft treaty with Germany.

ST. LOUIS, Oct. 8.—The Union Pacific Railroad is forwarding ninety cars and construction materials to the end of the road. A large number of snow plows are also being placed in the mountains ready for use.

A fire at Cheyenne on Monday night destroyed an entire block of stores, on Sixteenth street, and several buildings on Pacific street.

PHILADELPHIA, Oct. 10—Rev. Thomas Stockton, formerly chaplain of the House of Representatives, died today; aged 66.

#### Democrats Trying to Carry Pennsylvania by Fraud

MAUCH, (Pa.) Oct. 9.—Developments of fraud in the granting of naturalization papers have been made today, tending to show that out of five hundred naturalization papers obtained in this city, three hundred were illegal. #### The Indian Peace Commission.

CHICAGO, Oct. 10.—The Indian Peace Commissioners at their meeting yesterday, adopted a resolution declaring that in their opinion the Bureau of Indian Affairs should be transferred to the War Department. They also resolved that this commission recommend to the President of the United States and to Congress that full provision be made at once to feed, clothe and protect all Indians of the Crow, Blackfeet, Apaches, Arrapahoes, Apaches, Kiowas and Camanche nations who now live on or shall hereafter locate permanently on agricultural reservations, that the treaties of said tribes with the United States, whether ratified or not, shall be considered as, and be in full force as to all Indians of such tribes as now have or may have their homes on such official reservations described in those respective treaties and no others; that in the opinion of this committee the time has come when the government should recognize Indian tribes as domestic and dependent, except so far as may not be requisite to recognize them as such by existing treaties and by treaties made but not yet ratified; that hereafter all Indians shall be declared and held to be individually responsible to the laws of the United States except where it is otherwise provided in said treaties, and that they shall be entitled to protection from outside wars as other persons owing allegiance to the Government; the recent outrages and depredations committed by Indians on the plains, justify the Government in changing the clauses of the treaty made in October, 1867, at Medicine Boat Lodge, which secures them the right to roam and hunt outside their reservations. Also that the Indians should be required to move at once to said reservations, and to remain within them, except that after peace shall have been restored, parties may be permitted to cross the boundaries with written authority from the agent or superintendent.

LONDON, Oct. 10—Hon. Wm. Gladstone issued an address to the electors of South Lancashire. After reviewing the progress of reform in England, he criticised the course of the government, especially condemning the intercourse taken in regard to Ireland. He says he is a true friend of the Irish people. He repudiates the opposition for the general endowment of churches in Ireland. He says the case against this established church is aggravated by the fact that it is a church of the rich. The arguments in favor of the continuance are a satire on misapplied funds. The established church is a work of great oppression. Disestablishment will give the clergy more scope in the church. The people must be cared for. Revenue must be applied to public works and not to relieving establishments. Gladstone closed with an appeal to the voters of South Lancashire to support the only just policy which England can pursue.

### Hear Dix and Dickinson

The New York papers of September 21st publish in full the recent letter of Gen Dix on the present political campaign. A small portion of this letter was telegraphed here. But not enough to do justice to Gen Dix's vigorous and damaging characterization of Horatio Seymour. No man in the State of New York is Seymour better than Gen Dix. It was the reserve power of Democratic than Dix until Democracy became synonymous with a cringing fondness for slavery and a criminal sympathy with secession. Gen Dix it will be remembered was president of the Philadelphia Conservative Convention of 1866. But he is not the man to go all lengths for the revival of the Lost Cause, as Seymour, Blair, Doolittle & Co are doing at the command of Forrest and Semmes. Daniel S. Dickinson was a man who knew Seymour as intimately as Dix does and their testimony concerning him exactly agrees. Nobody has ever ventured to call Dickinson's Democracy in question, yet Dickinson in a speech at Cooper Institute, New York October 8th 1864 denounced Seymour for having hid himself away among the lakes and woodlands of Wisconsin at the outbreak of the rebellion so that he would not be compelled to declare for or against the Government. reproached him for having, on creeping out of his hiding place, made public speeches the burden of which was, to use Dickinson's own words 'an apology for the rebellion, and a condemnation of the authorities for having meted out martial law to those in arms against the nation' and held him up with terrible scorn before the people as one who had proclaimed as his creed that if either slavery or the Union must be destroyed, it should be the Union! He characterized Seymour as a trimmer and an intriguer,' and hurled against him his terrible power of indignant denunciation, which none could command more effectually than he. Such being the opinion of the two most eminent Democrats of New York in regard to Horatio Seymour, ought any man to be at a loss how to judge the man? We cannot do better than to give the whole of Gen Dix's recent letter. It was written to John J. Cisco a leading and influential Democrat of New York, who has also declared for Grant and Colfax

PARIS, Sept 4, 1868

MY DEAR SIR. It was my hope that distance from home would have secured me from all participation in the political excitement prevailing there. But I notice an announcement in one of the newspapers that I am heart and hand with Mr. Seymour. I am not aware of anything in the present or the past, which could rightfully suspect me to such an imputation.

I have been acquainted with Mr. Seymour more than a quarter of a century. He is an amiable gentleman of unexceptionable private character and of respectable talents. But you know as well as I that he has not a single qualification for the successful execution of the high official trust to which he has been nominated, and he is especially deficient in that firmness of purpose, which, in critical emergencies, is the only safeguard against public disorder and calamity. He has twice, at different times, been Governor of the State of New York, and he has in neither case had the ability or the tact to keep the Democratic party of the State together more than two years. I should regard his election at this juncture, when steadiness of purpose, decision and self control are so much needed, as one of the greatest calamities that could befall the country.

Moreover, he has been put in nomination by a Convention which has openly declared the purpose of these its representatives, to pay the greater part of the public debt, contracted to preserve the Union, in depreciated paper. Such a measure would, in my opinion, be a palpable violation of the public faith, pledged under circumstances which should have been binding on all honorable men. Mr. Seymour has made public speeches to show that it is our duty to pay the debt in specie. In accepting his nomination to the Presidency he adopts the declaration that it ought to be paid in paper. *I know nothing so humiliating in the history of American politics as this tergiversation.* It was, perhaps, not unfit that Mr. Seymour, after having in 1864 over the Chicago Convention, which declared the war a failure, should preside over the Convention of 1868, in which a proposition to discredit the debt contracted to carry on the war was received with 'tremendous cheering' and that he should be the chosen instrument to execute this act of National turpitude.

I do not believe that the wishes or opinions of the great body of the Democratic party are fairly expressed in the proceedings. They have nothing in common with the statesmanlike views of policy, and the high sense of national honor which guided the party when Martin Van Buren, William L. Marcy, Silas Wright, Lewis Cass and Stephen A. Douglas were among the most conspicuous members.

I see but one source of safety for the country under existing circumstances, and that is the election of Gen Grant. In his decision of character, good sense moderation and disinterested patriotism, I believe the South will have a far better hope of regaining the position in the Union to which it is entitled, than under a man whose political career has been to both parties conspicuously marked than in an utter infirmity of purpose.

Independently of these considerations, I should be greatly surprised if the people of the United States were to elect as their Chief Magistrate a man who was making, at the Academy of West Point, on the 4th day of July 1853 a speech declaring of all characteristics of an elevated love of country, at the very time when Gen Grant was carrying the victorious arms of the Union to Vicksburg and when thousands of our fellow countrymen were pouring out their blood on the plains of Gettysburg, and hence to the mountains and the Government which Mr. Seymour was doing all in his power to embarrass and overthrow.

I am quite willing that my views should be known to any friends who may ask an interest in regard to the original question. My desire was from the first to see the Union restored, but I am clearly of Mr. Seymour in the repudiation of any portion of the public debt.

I am dear sir very truly yours

JOHN A. DIX.

The Democratic party loses a good deal by the death of Howell Cobb. Lt Georgia late Brigadier General in the rebel army. But the country has a considerable gainer by the event. Cobb was one of the most active of those who participated in the late rebellion and one of the most able and influential among those who are now inducting and plotting for another civil war. He was a man of great note and prominence in the Democratic party, being admired by that organization for his services under Buchanan as Secretary of the Treasury in which capacity he stole and squandered the national resources bankrupted the Government, left it without means of defence, played into the hands of the secession conspirators and in various ways manifested a wide devotion to what the fag end of his party have been accustomed to call the time honored principles. He served as a General in the late rebellion were of little account but his services in the new rebellion which is threatened as well as ever in 1850 which we may just enumerated greatly endeared him to the Democracy.

## LETTERS FROM THE CAPITAL

SALEM Saturday Oct 10 1868

IN THE SENATE—FRIDAY

Mr Hendershott, from the Committee on Public Lands, introduced a bill to create the office of Register of State lands and to provide for the sale of State lands. Also a bill to provide for the purchase of a suitable site for an insane asylum and penitentiary, and for building a penitentiary, and to sell the site for an asylum, now owned by the State.

Hunton—a bill requiring County Commissioners to divide counties into precincts of not more than four hundred voters each.

A resolution was adopted that the Senate would not receive any new bills after Saturday the 17th.

Trevitt introduced a bill to regulate the transaction of insurance business. Also a bill to create the office of Attorney General of the State.

WEST SIDE VS EAST SIDE RAILROAD

At half past ten o'clock the Senate took up the special order—the resolution declaring the West Side Railroad Company entitled to the land grant. The attorneys Messrs. Kelly and Mitchell requested the entire forenoon in discussing the resolution or, rather history of the two companies. Some severe expressions were indulged in on both sides and if the attorneys are to be believed literally there has been all sorts of shenanigan practiced by both sides. It is impossible however that they each draw the pictures fully as strong as the facts would warrant. The lobby was the night by railroad men of all degrees and persuasions during the discussion. After dinner Mr. Stout offered a substitute memorializing Congress to confirm the grant to that company which should first complete fifty miles of railroad from Portland southerly on either side of the river. This was understood to be a piece of East Side strategy. At all events it gave great satisfaction to the out side friends of the East Side road. It is open to the objection that it may disturb vested rights as it may turn out yet that one company or the other is already entitled in law as well as equity to the land. The substitute was discussed during the remainder of the day and the Senate adjourned without reaching a vote.

IN THE HOUSE—FRIDAY

Mr Bellinger seemingly desirous of distinguishing himself as a real sin purger offered a resolution declaring that the seat of D. P. Bellinger is vacant and that J. W. Cain is entitled to it. It is not at all to be wondered at that Mr. Bellinger having been admitted over his opponent who beat him at the polls in Benton county should feel naturally sympathetic with other outriders coming here with carpet-bag in hand but it is to be wondered at that, knowing as he did the uncertainty of a white man on an open question he should reopen a question which had been to all minds and purposes already settled. The only motion necessary at that stage was to refer to nobody in to administer the oath to Mr. Cain. Mr. Bellinger was destined to be immensely astonished. No sooner was the resolution fairly before the House than Mr. Garrett rose and read a transcript of Judge Pope's decision in the case of Rynearson vs. Myers, which entirely treats of the legality of the election questioned by Mr. Cain, in this contest. The result was that 18 members voted for the resolution and 24 against. I have rarely ever seen a more comical countenance than that which overspread Bellinger's, when he began to realize that his resolution was being killed dead. Bellinger is young and may yet learn much.

RAILROAD MEMORIALS

There was a lengthy discussion on the motion to take from the table Mr. Gazley's railroad memorial. Mr. Chapman and Mr. Gray opposed. They wanted it to remain on the table till the fate of Mr. Chapman's memorial should be decided in the Senate. They seemed to be under the impression that somebody in the Senate had memorial No. 1 in his pocket in order to force the House to act favorably upon memorial No. 2 and they would not consent to take up No. 2 till Senator Smebody from somewhere should take No. 1 out of his aforesaid pocket. The House, however, seemed to have no such anxiety about No. 1, and it voted to take up No. 2 and then voted to adopt it.

INTRODUCTION OF BILLS, ETC

Mr. Grant offered a memorial for a mail route from Louisville in Polk to Elk City in Benton county. Adopted. Mr. Gray introduced a bill relating to distribution of school funds. A resolution was offered instructing the Committee on Military Affairs to inquire into the expediency of abolishing the office of Adjutant General. It was amended so as to direct the inquiry to be made as to the necessity of an appropriation to pay the salary of the Adjutant General, and then adopted. Mr. Gazley introduced a bill providing for the relocation of the county seat of Douglas county. Mr. Gilfrey introduced a bill to provide for the erection of an insane asylum and for its government.

IN THE SENATE, SATURDAY—A SHARP TRICK

Mr. Trevitt from the Committee on Military Affairs, to whom had been referred the bill providing for payment of county bonds in "lawful currency," submitted a report against the passage of the bill, on the ground that the contract of the state was to pay coin. The report contained a paragraph, in substance that 'it is said persons connected with the State offices had been large speculators in the county bonds,' and also a vicious dig at the Radical Congress. It was at once evident that the "smarty" had been in consultation and had concocted this document in such terms as to place the Republican members in the dilemma of either voting to repudiate the payment of the bonds according to the contract, or to censure the State officers as "speculators in State bonds" and acquiesce in the dig at Congress. Herman and Corbett as endeavored to get the report amended so as to separate these two in gross propositions, but the Democrats refused to vote on the question. Most of the Republicans present stated that they were willing to vote for the report so far as it related to the payment of the bonds in coin, but they protested against the necessity of also casting an imputation upon the state officers and Congress. They would vote for the report with the distinct understanding that they did not vote any censure upon the State officers. Cornelius and the other Republicans present, with two exceptions, voted aye when upon the ingenious authors of the 'Raleigh' report chuckled immensely, and Stout, with a face ouseless as mounting almost to wit, thanked the Honorable Radical Senators for their indorsement of the dig at Congress.

Mr. Stout presented a memorial to Congress for aid to remove the obstructions to navigation of the Columbia river, at the Cascades. Also a bill to amend the Charter of the city of Salem. Also a bill to amend the law relating to descent of real property.

Mr. Ison and Mr. Miller presented majority and minority reports on House joint memorial No. 1 (Chapman's railroad memorial). The reports and memorial were made the special order for Monday. The joint resolution and substitute relating to the railroad land grant were made the special order for Saturday the 17th. The bill to punish vagrancy was passed.

IN THE HOUSE—SATURDAY

Mr. Chapman moved to reconsider the vote adopting Gazley's railroad memorial. The Speaker ex officio could not be called under the present order of business with at surprising the rule. The House refused to suspend the rules—18 to 27.

Mr. Cox offered a resolution that the Secretary of State be invited to attend on the House and administer the oath of office to J. W. Cain in accordance with the report adopted Thursday evening. The resolution was laid on the table by a vote of 24 to 19, whereupon Cox kicked up considerable dust as did Bellinger yesterday, when his resolution went up the spout.

CHAPMAN SUSTAINS A DEFEAT

Mr. Chapman moved to reconsider the vote by which House joint memorial No. 2 (Gazley's Railroad memorial), was adopted. Mr. Farley moved to indefinitely postpone the motion to reconsider. Mr. Chapman here tried the party lash on Mr. Tandy, with what however, frightening that gentleman very much. The motion to indefinitely postpone prevailed by a vote of 27 to 19.

INTRODUCTION OF BILLS

Mr. Chapman introduced a bill to fix the times of holding the Supreme, Circuit and County Courts. Also, a bill to provide for the printing of the second volume of Oregon Reports. Also a bill to provide for the distribution of the unsold volumes of the first Oregon Reports. Mr. Gazley offered a resolution to allow J. W. Cain mileage. Laid on the table. Mr. Gray—a bill to prevent tax collectors receiving county orders for taxes. Mr. Rhinehart—a bill to provide for printing and distributing the school laws.

The Senate bill to grant consent of the State to the purchase by the United States of sites for public buildings was passed. The House refused to pass Mr. Cox's bill providing that insanity shall be cause for divorce.

A BIG ABSIDE "SLAM"

In the course of a railroad discussion in the House on Friday Mr. Minto asked the question, somewhat in the manner of an assertion, whether it were true that there is a combination between the West Side Railroad Company the Insane Asylum the O. S. N. Company and others to fix things in the Legislature. This came of course from an East Side source and was only one of many such things that go whizzing around on all sides and in all interests. It is positively true that nearly every interest in the Legislature is mixed up with or tailed on to railroads. I am but I do not believe that East Side or West Side has any moral advantage on this score.

A FAMILY ROW

I am informed that Nesmith and Hunton had an interview not an affectionate character the other day in relation to the resolution to censure Senators Williams and Corbett. The ex-Senator was severe and sharp. He might say was defiant. And so the matter stands in the happy family. Mr. Hunton was well versed in sympathy with Mr. Hunton in the matter of the resolution does not like the intimation I made the other day that he had been by wheaten by Bernish Brown not voting for the resolution. Censure. He says he has nothing to settle on Beriah Brown or Gen. Nesmith and he wants it distinctly understood that had either of them treated him as a man of honor all have known old Sam Hunton is young and may yet learn much.

A BEAUTIFUL PRESENT

For the last few or three days the Speaker's desk has been ornamented with a prettily bound full post of existing Alabama Journals, these numbers paper stating various and numerous of the recent reconstruction. The attorneys Messrs. Kelly and Mitchell requested the entire forenoon in discussing the resolution or, rather history of the two companies. Some severe expressions were indulged in on both sides and if the attorneys are to be believed literally there has been all sorts of shenanigan practiced by both sides. It is impossible however that they each draw the pictures fully as strong as the facts would warrant. The lobby was the night by railroad men of all degrees and persuasions during the discussion. A JOURNAL—Portland is now pretty well supplied with school houses in point of capacity, and many of the buildings are much above the average. They are for the most part, well ventilated, and pupils comfortably seated, but as to the appearance of the outward surrounding of the buildings, there is room for much improvement. Instead of that bit of attraction to observation in the shape of grass plots, and shade trees, as might be, our school houses present more the appearance of a cattle yard, than a place where the young idea of childhood could find that beauty which nature presents. Would it not be well if our Directors would take steps to lay off the grounds, set out trees and ornaments to the grounds that would be an attraction which their present barren and ragged appearance now is, and render them places of beauty and attraction. The matter is attended to, the sum we shall see the school houses of the city with grounds as shall be consistent with the size of each.

Court Items—We clip the following items from the Albany Register of last Saturday: The P. T. Company are ready to transport freight over the portage between Corvallis and Canyonville by railroad again. Last Saturday the stage.....Another day of last week a son of L. A. Seeley, living [illegible] was thrown from a horse, the horse falling on his thigh and otherwise injuring it so that he is confined to his bed. Quite a number of men are engaged in blasting rock on the C. C. R. R., near Oregon City. Teams and more men are wanted. The farmers have finished gathering their grain and are hauling to town as fast as possible. The crop is said to be very likely during the fall..... county records. Fair ... Messrs. Brinck and Welch the veterinarians in Clackamas county, points for the improvement of horses

We learn that a petition has been circulated among many persons in this city, within the last few days, asking them to recognize the claim of Portland, as the one entitled to the location of the Penitentiary, and that we are in favor of all proper encouragement to those who are engaged in railroad enterprises. We believe it to be for the interests of Portland, and think it has taken decided grounds in favor of the company as against another. It would be folly to let this matter alone and allow others to decide the question as the law and the case demands. We have but little time now in which to build up one great enterprise, another of equal importance. If the Oregon Central, one will be of equal benefit to Portland, and both will add to the progress and prosperity of the city

A man by the name of Thomas Mellan had a gash cut in his head, last night about 11 o'clock. He went to Dr. Giltner's office and had his head dressed after which, he started in company with Mr. Hudson to look for the man who had struck and cutting Mellan was drunk and had his latitude very well. He took Hudson to the Shakespeare Hotel where he almost fell asleep by the cook But the people of the house knew nothing of the affair He then led Hudson to the York House, but the proprietor there knew him as the others. Finally he settled down at the Hotel as the spot. The officers called the proprietor and asked for a look at the cook, to identify him if he was the man who cut Mellan. But the cook's bed was vacant, and the man could be found So no arrests were made. Officers are on the lookout for him and he cannot get away

The [illegible] which left Honolulu for this port on the middle of August last, reached Port Townsend on last Monday

On the thirty-sixth day out, being the 36th day since we left Honolulu, the fogs were never before known as have been experienced on the coast, both above and below the Columbia river for several weeks.

The large audience at the theatre on Saturday night sustains the assertion that the public appreciate a superior performance on the stage. The "Dead to the Snow" is now being produced in this city, as we think gave evidence of careful preparation, and they reflected credit upon their ability. The exhibition of this splendid play will afford all who fail to witness it This with the after piece "Irish Tiger" makes up a bill to see which half a dozen times the price of admission

The fall races at the Riverside track (White Salmon) next Wednesday, and continue four days. The State Fair races excited the fevers of the turf, and the contest this week promises to be exciting. Liberal purses are offered, and horses in the State will be there to contend for the prizes. We learn that there will be four races each day, and one pacing, and it is highly probable that more will be had

We learn that a Temperance Society was organized in the Catholic Church in this city yesterday afternoon by Rev. J. F. Caples delivered an able address on the subject of Temperance, to a crowded house at the Church in East Portland, last night Multnomah Lodge of Good Templars will give a Festival and Dance at their Hall, next Saturday evening

Messrs. H. Holbert & Co., who have hitherto been engaged in the confectionary business in this city, will open a branch establishment in Salem this week They took the first premium for their candies, and the people of Salem are up to their business, and straightforward men and we recommend Holbert & Co to the favorable notice of their brother confectioners at the Capital

The boat which was alleged to have been stolen by W. W. Spaulding last winter was recovered by the [illegible] developments show that the man who had charge of the boat was innocent, and that the larceny of this boat was committed by Frank Bolton. He was sentenced to the Penitentiary for one year, but was pardoned by the Governor after the expiration of two weeks

It is a low estimate to place the yield of oats in this State this year at 6 000,000 bushels On Saturday last over 8,000 bushels were received at this port from Oregon City At least 1,000 bushels came down the same day by wagons from the valley to Portland.

The steamship Oriflamme arrived yesterday morning at 8 o'clock A large crowd of people were present when she docked. It is said from the notes of the passengers and passenger list will be found in another column

TRAVEL.—By his advertisement our readers will notice that P Liesenfeld San Francisco has received the Medal and First Premium at the Mechanic's Fair (just closed in that city) for the best Bell Tables.

BOOTMAKERS take pleasure in announcing to the citizens of Portland that they will open to day, the second of the latest styles of French Beavers of all colors, velvet and silk vestings were brought out last week in order, should call on Barman Brothers at 1 ... their stock. They also call the attention of tailors to their stock in the above line together with trimmings, which they are selling wholesale, at ... prices.

SPECTACLES AND EYE GLASSES.—O Frankel the practical and scientific optician of San Francisco, is in Portland and can be seen at Mr. Put Smith's office, 99 Front street for a few days, for the purpose of supplying those that require assistance to their eyes with his celebrated Russian Pebble Spectacles and Eye glasses Mr F has so adapted pebbles with theory in this delicate organ, the eye that no matter how critical it is case may be no one need despair if he leaves the judicial selection of these instruments to him Mr F has also a large selection of new styles of opera field and marine glasses, medical compound microscopes telescopes and optical instruments of all description

THE ORDER OF THE DAY.—A general order for Boston appears in the Herald of all sporting men it has become the supreme desideratum of the age

A man sent General Grant a bottle of Sparkling Catsup a few days since Query Was it to mend the Meerschaum or to cement friendship between himself and Butler?

FROM the Army Hospital the lonely Little field; the mansion of the rich and the humble abode of the poor—from the office and the social desk, from the mountain top, distant valley and far off islands of the ocean—from every nook and corner of the civilized world, is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS Thousands upon thousands of letters like the following may be seen at our office

* * * * I have been in the Army Hospital for four years in the speechless and nearly dead At Atlanta, Ill they gave me a bottle of Plantation Bitters These bitters have made me well again C H FLETA

**Use none but the Best.—Thousands of** worthless preparations are scattered broadcast over the land purporting to be SPECIFICS for Consumption Some may possess a little merit, but when it is known beyond the possibility of successful contradiction, that NEWELL'S PULMONARY SYRUP has accomplished all that is claimed for it, as a remedy for ALL affections of the CHEST and LUNGS, it seems little short of criminal neglect for persons requiring such a remedy, to waste the 'golden moments' in experimenting with any other It is equally applicable in all cases young or old

REPUBLICANISM ADVOCATED

The following is the letter of Chief Justice R M Pearson of North Carolina in which he converses to the Conservatives of the State which has been published in our dispatches

*The Constitution Safe.* I am alarmed at the condition of the country and fear we are drifting into another civil war In my opinion the 'war clouds' are darkening now as in the winter of 1860 61 We were then in a state of peaceable secession we are now to have peaceable nullification Under these circumstances I feel it to be my duty to make known the reasoning by which I have arrived at the conclusion that every man who has interest at stake and who wishes to have peace and avoid bloodshed, should vote for Grant and Colfax Being a member of the Conservative party and having been elected Chief Justice of the Supreme Court on the nomination of both parties by unanimous vote of the people it is fair to presume that I have their confidence and that what I say will be considered calmly as the advice of a friend who has no motive save the public good I trust to be heard just for the emergency I express my opinion and intend to do so without drawing it into the vortex of politics With my views of peace it would be criminal to call Almighty I forbid a war of races! Violent politicians avow their purpose to agitate, turn things upside down, nullify, and bring on another war rather than submit to the negroes vote and hold office But is it the part of wisdom and patriotism to accept the situation and try to make the most of a bad bargain, rather than make bad worse? I cannot, as others seem to be able to do, exclude from my mind the fact that the South attempted a revolution and was subjugated, and our condition is one of the bitter fruits of rebellion! Let us have peace! This is the point on which my opinion rests

The New York Convention declares our State government a mere creation of usurpation, and of course not entitled to the allegiance of the people and it proclaims the reconstruction acts of Congress "unconstitutional revolutionary and void" —omitting the word null, lest it might call up unpleasant recollections of the days of nullification, when the strong will of Jackson prevented war. If the reconstruction acts are void, so are the reconstruction measures of President Johnson and the negroes are still slaves This leads to war. But it is said slavery and secession are dead issues Why, or how? Admit, however, that the only object is to deprive the freedmen of political rights How can that be effected Some say, 'it is to be done by the ballot and not by the bayonet" How? That's the question The freedmen are now in possession of the right to vote, of course, if they vote, the Constitution cannot be amended, so the only mode is to carry out practically the doctrine that the reconstruction acts are void, and our Constitution is of no effect This is nullification, and, disguise it as they may, it must result in war. History furnishes no instance of four millions of people backed as they are, in our State by a clear majority of twenty thousand votes, being deprived of political rights which they have enjoyed for years. It can not be done without a civil war It is against the order of nature.

*My countrymen*, it is time to pause and refuse longer to follow the lead of violent politicians We should discard prejudices and passion, and act on our own judgment as to what should be done under the circumstances by which we find ourselves surrounded

The most violent members of any party provided that they can get members enough at the start to make a respectable showing, always carry their point, for reason is put aside, intemperate and abuse are hurled at all who hesitate—'he is not a friend of the South he is a traitor to his race and color, &c" the women and children (creatures of feeling) join in the clamor, and away it goes You and I were opposed to secession, the bulk of the people opposed it, yet we were hurried into it After the ordinance, like true men we adhered to our State, and rendered faithful allegiance to the confederacy prior to the surrender What did we gain by it? I should rather ask Who can estimate what we lost by it?

Let me ask why did General Lee surrender? Because he could not help it For the same reason we must submit to the political, not the social (for that is a thing under our own control) equality of the freedmen. This is the "situation" The question is, Shall we go on and again make bad worse, or shall we try to make the best of it?

What is the reason that the negro vote, instead of being neutralized, is concentrated with the full force of a solid column? It is carried by the violent opposition made to the will of the General Government in regard to reconstruction.

The freedmen have still undefined impressions that there is still a wish to reduce them to slavery They scarcely have a well founded belief that there is a determination to deprive them of political equality.

This is them "pull together," remove the prejudice and their vote will be neutralized, and unless I mistake the power and effect of the superiority of the white man, aided as he is by edu cation and the possession of the wealth of the country, in a few years they will vote as before 1835.

My conclusion is, we must concede to the freedmen political equality, if we can only satisfy them we do so in good faith by voting for Grant and Colfax. Then there will be an end of the strife. The contemplation of war and bloodshed will be put far from us The freedmen will be soon satisfied that it is for their good interest to allow us to have the guidance of public affairs, and the innate power and vigor of the white man will convince the world that we are able to carry a weight of four millions imposed on us by the unconscionable decrees of Providence, and still work out our destiny as the grandest Republic ever known among nations

It is inevitable that the Conservatives must split into two parties. The peace conservatives and the war Conservatives or, to avoid inconsistency the nullifiers. The difference is so trivial that they cannot act together as one party The nullifiers act with the Democrats There can be no reason why the Conservatives, without identifying themselves with the Republicans, but keeping up their organization as a party, and leaving the nullifiers to go to themselves, may not act with the Republican party, and vote for Grant as the man for the occasion, who, like Jackson, will put a stop to nullification in the new shape in which it now raises its hydra head.

When the storm is over, the Conservative party representing as it does the property and intelligence of the States, will take the guidance of affairs, and all will be well R M PEARSON
Richmond Hill, N C, July 20 1868

SOUTHERN SENTIMENT—A well informed correspondent of the New York *Times*, writing from Richmond, gives a glimpse of the state of Southern sentiment, as follows

"It was a wrong thing in General Rosecrans to endeavor to force Lee, Beauregard and others into a public expression of their private sentiments at the White Sulphur Springs for no matter how conservative the views of these gentlemen may be and how greatly one of them may privately desire the election of General Grant—and were the secrets of their hearts known I believe such to be the consummation they most devoutly wish—yet a public avowal of such sentiments they well know, and he, too, ought to have known would entirely destroy their prestige with the Southern people who so far from forcing themselves bound by anything they might say or do would treat them in the same manner they have Longstreet, one the best and, until he became a Republican one of the most popular officers in the Confederate army Had Lee expressed the same sentiments General Longstreet publicly declares Washington College would have few students during the present session and his name would be as little respected as that of General Scott in his native State The Southern leaders cannot yet afford to play the *role* of Curtius, and throw themselves into the yawning chasm, even to save their country, they know that it is impossible to stouff the current of the popular prejudice against the Yankees just now, and have no desire to become martyrs"

In Seymour's letter of acceptance he substantially admits that Congress must continue to be Republican, and therefore haggingly suggests that no harm can come from a Democratic President, as if the experience with Johnson has not been sufficient Wouldn't Seymour like to play the role of Andrew II to a Republican Congress? Such conning and whining as this would be pitiful in any man but Seymour, with him it is the very essence of propriety

## Farmers of Oregon!

CASTONS'S X-L-SIOR

## BROAD-CAST GRAIN-SOWER.

THIS VALUABLE LABOR-SAVING MACHINE which has already been adopted in nearly every Agricultural county in the State of California and in every county where it has been presented, has been brought to Portland by

MR. JAMES BRUSIE,

who holds the exclusive right to the same for the State of Oregon, and is now ready to accompany with the farmers of this State with machines, and to sell county rights to manufacture the same

The machine saves the entire cost and labor of sowing a field excepting the cost of a machine—the same team being used for sowing and harrowing as is used for harrowing alone, the farmer or his boy riding and driving his team, instead of walking and carrying his heavy sack, and then walking and dragging his grain in

The inventor of this valuable aid to farmers is a man of large experience in sowing machines and has happily succeeded in this invention, in producing a machine which, while it carries the farmer as if on a sulky, sows wheat barley, oats and peas with greater regularity than the same can be sown by hand; and at the same time the harrow attached to it, immediately behind covers the grain and the labor is done Any intelligent farmer who has sown or carried a sack and sowed grain will readily see that the X-L-SIOR Grain Sower will save its entire cost in labor alone—to say nothing of its saving in seed—in sowing comparatively but few acres and we have placed an improper estimate upon the enterprise of our Oregon farmers if this machine is not generally adopted in this State, as it has already been in California and where the farmers write to the inventors respecting it after this manner

LINDLEY, (Placer Co) Sept 6, 68
MR H A GASTON—*Dear Sir*, I have two complete machines (X-L-SIOR) which I challenge the State to beat for sowing grain I have not so many fingers in the shaft as you directed, but *I do not want my machines to run any better than they do I have sowed and guaged them perfectly* T C FURNISTON

By addressing or calling upon Mr Brusie at C Hopkins' corner of Front and Morrison streets in this city, machines or County Rights to manufacture and sell the machines can be purchased at reasonable rates

## EXTINGUISHER

PORTABLE

SELF-ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered

The advantages to be derived from the use of the EXTINGUISHER are as follows

Every fire begins on a small scale and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement (when every moment's delay in checking it is of the utmost importance) no means are readily at hand

The EXTINGUISHER is the only Engine that fills this requirement

It is always ready for use, though standing unused for years.

It puts out Fire instantly

It saves the great deluge of water now used for this purpose

It is as effective in the hands of a Boy as the most experienced Fireman

It is portable and as easily handled as a bucket of water

It puts water within itself the power of a force pump and as effective as a Steam Engine

It is the only known invention that will put out fires from Kerosene, Tar, Naphtaline and combustible materials now in common use

PRICE—No 1, $50; No 2, $35; No 3, $20.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET
NEAR COMMERCIAL,
San Francisco Established 1854,
for the treatment of Sexual and Seminal Diseases such as Gonorrhea Gleet Stricture Syphilis in all its forms Seminal Weakness Impotency etc Skin Diseases [illegible] of years standing cured Unfortunate cases successfully treated.

Horrible Diseases

How many thousands there are both male and female are there who are suffering under a miserable existence from the effects of indiscretions or from virus absorbed into the system Look at their pallid emaciated and disfigured faces and their broken down constitutions disqualifying them for the happiness of marriage or the enjoyment of life In this horrid situation thousands suffer until death closes the scene Let parents, guardians friends attend! those who are suffering with any of these horrible life destroying maladies—see that they are cared for and cured if not the loss of [illegible] Send them immediately to Dr Gibbon and physician who has made private diseases peculiar study for years and who can certain to cure the most inveterate cases without mercury or any exposure or change in diet Those afflicted or to those who are interested in the welfare of their friends I recommend of the many pretended doctors who flood our city and publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and then leaves Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans

Seminal Weakness.

Seminal Emissions the consequence of self-abuse This solitary vice or degraded sexual indulgence is too practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of fearful symptoms unless combatted by scientific medical measures viz Sallow countenance dark spots under the eyes pain in the head, ringing in the ears noise like the rustling of leaves and rustling of chariots uneasiness about the loins weakness of the limbs confused vision, blunted intellect, loss of confidence diffidence in approaching strangers a dislike to form new acquaintances, a disposition to shun society loss of memory hectic flushes pimples on various eruptions about the face, furred tongue, fetid breath coughs consumption, night sweats monomania and frequent insanity If called before not obtained it could apply immediately either in person or by letter and have a cure effected by his new and select mode of treating this disease which never fails of effecting a quick and radical cure Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks

MARRIED MEN.

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them not delay to obtain immediate relief

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms length of time of the disease have existed and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use for Ten Dollars, sent in registered letter or through Wells, Fargo & Co

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn to certificates dupe the unwary Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are treating cases and became too large to work at their trade Some are tinsmiths shoemakers newspaper carriers intelligence office keepers etc Look over the San Francisco Directory, and you will not find their Medical Institutes in it but you will find their former occupations in it Look at the Directory for 1862 and 1863 The only way to avoid imposition is to enquire—it will cost you nothing and may save you many regrets For one advertising physicians in eight cases out of ten are rogues there is no safety in trusting any of them until you know who and what they are Dr Gibbon does not deceive people by exhibiting bogus titles, certificates pretended patient's letters &c &c He will satisfy parties who may call at his office of his ability to treat diseases that he proposes to cure

Address DR J P GIBBON 616 Kearney street corner Commercial San Francisco Post Office Box 282
